

Road Construction Detour for Interstate Equine Services, Inc. -2010

Due to the improvements of the Ladd Road Bridge-you will not be able to cross over the I-35 Bridge

If you are coming from the south, please continue to the next exit north (Goldsby/Washington exit # 104) and just come back down I -35 to the Ladd Road exit (# 101). That will put you on the west side of the bridge. When you are ready to leave, you can just get on southbound I-35 from the west side.

If you are coming from the north, just get off Ladd Road exit (#101), and come down the frontage road to Interstate Equine Services.(same as always) When you are ready to leave and head back north, at the first stop sign (by the church with green roof) turn left, go two miles to the next stop sign. Turn right, travel 4 miles and go thru Goldsby, across the interstate, turn left to get on I-35 north.

Sorry for the inconvenience!

Interstate Equine Services, Inc.
